This exploded perspective view illustrates the assembly of a multi-layered device. The components are shown in a disassembled state to reveal their internal structures and how they fit together. The layers, from top to bottom, are:

- Layer 398:** The topmost layer, which is a thin, rectangular plate with a textured surface.
- Layer 338:** A second thin, rectangular plate with a textured surface, positioned directly below layer 398.
- Layer 340:** Two smaller, square-shaped plates with textured surfaces, positioned below layer 338.
- Layer 342:** Two circular, dome-shaped components with textured surfaces, positioned below the square plates 340.
- Layer 344:** A rectangular plate with a textured surface, positioned below the dome-shaped components 342.
- Layer 348:** A rectangular plate with a textured surface, positioned below layer 344.
- Layer 350:** A rectangular plate with a textured surface, positioned below layer 348.
- Layer 352:** A rectangular plate with a textured surface, positioned below layer 350.
- Layer 354:** A rectangular plate with a textured surface, positioned below layer 352.
- Layer 356:** A rectangular plate with a textured surface, positioned below layer 354.
- Layer 358:** A rectangular plate with a textured surface, positioned below layer 356.
- Layer 360:** A rectangular plate with a textured surface, positioned below layer 358.
- Layer 362:** A rectangular plate with a textured surface, positioned below layer 360.
- Layer 364:** A rectangular plate with a textured surface, positioned below layer 362.
- Layer 366:** A rectangular plate with a textured surface, positioned below layer 364.
- Layer 368:** A rectangular plate with a textured surface, positioned below layer 366.
- Layer 370:** A rectangular plate with a textured surface, positioned below layer 368.
- Layer 372:** A rectangular plate with a textured surface, positioned below layer 370.
- Layer 374:** A rectangular plate with a textured surface, positioned below layer 372.
- Layer 376:** A rectangular plate with a textured surface, positioned below layer 374.
- Layer 378:** A rectangular plate with a textured surface, positioned below layer 376.
- Layer 380:** A rectangular plate with a textured surface, positioned below layer 378.
- Layer 382:** A rectangular plate with a textured surface, positioned below layer 380.
- Layer 384:** A rectangular plate with a textured surface, positioned below layer 382.
- Layer 386:** A rectangular plate with a textured surface, positioned below layer 384.
- Layer 388:** A rectangular plate with a textured surface, positioned below layer 386.
- Layer 390:** A rectangular plate with a textured surface, positioned below layer 388.
- Layer 392:** A rectangular plate with a textured surface, positioned below layer 390.
- Layer 394:** A rectangular plate with a textured surface, positioned below layer 392.
- Layer 396:** A rectangular plate with a textured surface, positioned below layer 394.
- Layer 398:** A rectangular plate with a textured surface, positioned below layer 396.
- Layer 400:** A rectangular plate with a textured surface, positioned below layer 398.
- Layer 402:** A rectangular plate with a textured surface, positioned below layer 400.
- Layer 404:** A rectangular plate with a textured surface, positioned below layer 402.
- Layer 406:** A rectangular plate with a textured surface, positioned below layer 404.
- Layer 408:** A rectangular plate with a textured surface, positioned below layer 406.
- Layer 410:** The bottommost layer, which is a thick, rectangular plate with a textured surface.

The assembly is shown in a perspective view, with the layers stacked on top of each other. The layers are labeled with reference numerals 398, 338, 340, 342, 344, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, and 410. The layers are shown in a disassembled state, with the layers 340, 342, 344, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, and 410 being shown in a perspective view.

Fig. 70

Fig. 71 is a perspective view of a second embodiment of the device. It features a similar overall shape to Fig. 69, with a main body and a curved end. The internal structure is modified, showing a different arrangement of components. Labels include 954, 956, 814, 824, 962, 964, 940, 970, 938, 942, 950, 822, 944, 946, 961, 952, 965, 963, 967, 948, 958, 960, 957, and 820. The device is shown from a different angle, highlighting its internal components and the specific features of this embodiment.
